## PARADE OF VETERANS

HEROES FORM IN LINE FOR THE FORTIETH TIME SINCE THE CIVIL WAR ENDED.

## SPECTACLE IS MAGNIFICENT

LONG RANKS OF WESTERN SOLDIERS MARCH BENEATH THE OLD BATTLE FLAGS.

Minneapolis, Aug. 16.—For the fortieth time since its work was finished and its glory won the Grand Army of the Republic was in line during the day. There have been many parades more gorgeous, many spectacles more dazzling and bewildering, but never has there been in this country one more appealing and impressive than that which passed through the streets of Minneapolis during the greater part of the morning.

The parade was a notable affair as such things go, well handled, quick moving and inspiring to look upon. It was a day of pride for the old soldiers in themselves and for the multitude in the soldiers.

Over the heads of the veterans as they marched along countless flags snapped in the breeze and their lines passed for miles between buildings gorgeously decorated in their honor.

The day was ideal. Several sharp showers during the night dispelled the oppressive heat and a soft, cool breeze swept the city streets. The sky was dark during the early part of the morning, but as the columns commenced to gather the clouds departed and a bright sunlight succeeded. Every precaution that could make the parade a success for the veterans and the spectators was taken by the authorities. The line of march, two miles in length, was wired off, nobody being able to obstruct the column for an instant. Hours before the scheduled time the streets were filled with spectators and during its progress they were packed solidly with cheering, enthusiastic humanity. The parade itself, which was organized by departments, formed at 9 o'clock and moved exactly one hour later. At the head of the column was a splendidly mounted platoon of police.

### Given a Continuous Ovation.

Directly behind the police and at the head of the parade proper came the magnificent Cook band and drum corps of Denver, its showy zouave uniform making a splendid appearance. The twenty-two young ladies who form a drill corps and are a portion of the organization were especial favorites with the multitude and were given a continuous ovation during the parade.

## WORK OF TERRORISTS

MURDEROUS ATTACKS ARE MADE WITH BOMBS ON POLICE AND TROOPS IN POLAND.

## VERY VIRULENT AT WARSAW

MORE THAN A SCORE SLAIN ON THE STREETS AND MANY OTHERS WOUNDED.

St. Petersburg, Aug. 16.—Acting apparently with a definite plan and at a given signal, the terrorists and revolutionists Wednesday inaugurated a carnival of murderous attacks with bombs and revolvers on the police and troops in various cities in Poland, echoes of which are heard from Samara, Ufa, Yalta, Kiev, and even far away Chita, where Acting Chief of Police Gorpichenko was slain almost on his own doorstep. The revolutionist campaign flamed out with especial virulence at Warsaw, where over a score were slain in the streets and many more were wounded. Among the killed, according to the latest official advices, were two sergeants of police, eight patrolmen, three gendarmes, five soldiers, a Hebrew merchant and a woman. The returns are not all in. Policemen and soldiers were shot down like rabbits. Their assailants, who traveled in small bands, almost all escaped among the terrorized but sympathetic population. The only considerable capture was a band of ten men who had invaded a grog shop and killed a soldier. These were taken by a passing patrol.

### Long Line of Western Soldiers.

Following the ranks of the men from New York came the scarlet banner of Massachusetts, with a strong delegation behind it. New Jersey and Maine marched next, each with a fair sized representation, and then came the first of the far Western states, California and Nevada being massed together. Their men were few in number, and then New England came to the front once more with the men from Rhode Island, New Hampshire and Vermont. The latter state was especially well represented, many members of the famous old "Vermont brigade" being in line. Maryland had a small detachment and then came long ranks of the Western soldiers of the Armies of the Cumberland and of the Tennessee, marching under the banners of Michigan, Indiana, Iowa, Missouri and Kentucky. The left of the line was Minnesota, which naturally was present in heavy force. Its soldiers received the most hearty greetings as they closed the long line. The column was about three hours in passing a given point.

Thomas A. Martin, senior vice commander of the department of the Potomac and who is a clerk in the treasury at Washington, dropped while marching in the parade. He was at once placed in an automobile, but died on his way to the Emergency hospital. George A. Penny of Logan, Ia., was seriously injured by an automobile which ran him down. The machine was moving slowly and Penny stepped directly in front of it.

### TWO MEN PERISH IN FIRE.

Explosion Occurs in Sail Loft of Ship Chandler's Establishment.

Rutland, N. Y., Aug. 16.—Two men lost their lives in a fierce fire which broke out in the sail loft of a ship chandler's establishment on Main street. The dead are Captain James Robertson, a veteran lake captain, and Charles Johnson, a sailmaker.

The men were working in the loft, water-proofing sails with an explosive composition. When an explosion occurred and flames burst out all over the top floor of the building. Johnson was so badly burned that he died soon afterwards.

Captain Robertson's charred body was found in the building. He was seventy-two years old and had sailed the Great Lakes about fifteen years previous to his retirement.

There were several narrow escapes from the fire. Other employees got out by ladders and scrambled over the tops of other buildings. The loss is \$75,000.

### THIRTY LABORERS KILLED.

Carload of Dynamite Explodes at Chihuahua, Mex.

El Paso, Tex., Aug. 16.—It is reported here that thirty or more Mexican laborers and bystanders were killed at Chihuahua, Mex., by the explosion of a carload of dynamite on the Mexican Central railroad. The car was being transferred for the Robinson mine at Santa Eulalia. Bodies and pieces of human flesh were picked up a mile distant. Windows were broken in every house in town and many walls were cracked. Several American foremen are reported killed.

### Two Killed by Trains.

Marion, Ind., Aug. 16.—Two violent deaths occurred near here Wednesday. Truman Halcomb, nineteen years old, was struck and instantly killed by a Big Four train. Samuel Parker, a Civil war veteran, sixty-five years old, failed to hear an approaching train and was run down and killed.

### Three Girls Drowned.

Detroit, Minn., Aug. 16.—Fannie King, aged seventeen, and Miss Nellie and Lena Jordahl, aged twenty and eighteen, all of Lake Park, Minn., were drowned in Cormorant lake, when a raft on which they were riding drifted into deep water and sank.

## WORK OF TERRORISTS

MURDEROUS ATTACKS ARE MADE WITH BOMBS ON POLICE AND TROOPS IN POLAND.

## VERY VIRULENT AT WARSAW

MORE THAN A SCORE SLAIN ON THE STREETS AND MANY OTHERS WOUNDED.

St. Petersburg, Aug. 16.—Acting apparently with a definite plan and at a given signal, the terrorists and revolutionists Wednesday inaugurated a carnival of murderous attacks with bombs and revolvers on the police and troops in various cities in Poland, echoes of which are heard from Samara, Ufa, Yalta, Kiev, and even far away Chita, where Acting Chief of Police Gorpichenko was slain almost on his own doorstep. The revolutionist campaign flamed out with especial virulence at Warsaw, where over a score were slain in the streets and many more were wounded. Policemen and soldiers were shot down like rabbits. Their assailants, who traveled in small bands, almost all escaped among the terrorized but sympathetic population. The only considerable capture was a band of ten men who had invaded a grog shop and killed a soldier. These were taken by a passing patrol.

### Bombs Used at Warsaw.

Bombs were employed in an attack on the police station of the Volsk precinct in Warsaw, where a sergeant, two patrolmen and a soldier were wounded.

Other Polish cities singled out by the terrorists were Lodz, where six soldiers, three patrolmen and the wife of a police captain were wounded by the explosion of bombs in the police station and two soldiers and two terrorists killed in the streets. Radom, where a bomb thrown into the police station killed the wife and child of a captain; Vlotsk, where the chief of police was slain, and Plock, where at a given sign the policemen on all the posts were simultaneously attacked and several of them wounded.

On account of the agrarian disorder and especially several attacks on post trains, the railway between Samara and Zlatoust, which already was carrying guards on all trains, has been placed under martial law. Two of those attacks occurred near Ufa, revolutionists in each case flagging a train, bursting open the doors of the mail cars with bombs and rifling the registered pouches. The booty in one case amounted to \$15,000 and in the other case the amount is not known.

### BLOODY CONFLICTS AT WARSAW.

Over a Score of Persons Killed and Many Others Wounded.

Warsaw, Aug. 16.—There were many sanguinary conflicts here Wednesday with revolutionists, who have organized wholesale massacres of policemen, gendarmes and infantry patrols. These conspirators shot and killed seventeen policemen, four gendarmes and seven infantry patrolmen, and wounded a score more. Soldiers fired a volley into a crowd, killing fifteen and wounding with bullets and bayonets 120.

The massacre is supposed to have been planned by revolutionists in revenge for the arrest recently of ten Socialist workmen in the iron working suburb of Praga. It was a Catholic holiday and no one suspected that a massacre was in preparation. The weather was beautiful, the city was calm and thousands of people were crowding outgoing excursion trains. Simultaneously the attacks on policemen began at 10 o'clock in the morning. About 1 o'clock news began to arrive from all parts of the city, revealing the concerted nature of the attacks. In Ostrovska street, four men attacked a sergeant of police, but the latter captured three of them. In a fight in Torgovia street revolutionists shot two patrolmen, and a Jewish merchant was killed by a stray bullet.

Ten men invaded a grog shop in Cholodena street, where they wounded a soldier. The clerk and wife of the proprietor opened fire upon the invaders and a passing patrol, attracted by the disturbance, seized the entrance of the shop, stormed the house and captured the band.

In the afternoon strong detachments of infantry, dragons and Cossacks appeared in the streets, dispersing the crowds with their swords, firearms and bayonets. The streets were quickly cleared. Ambulances were kept busy carrying the wounded to hospitals.

## THE CHICAGO COMMERCIAL ASSOCIATION

THE GREAT CENTRAL MARKET.

To the Ladies of Brainerd, Minn. Friends:

It may be of interest to you to know something of what "Michael's" will show in skirts this season. We have looked over eastern lines and others and we feel certain that we will be in an unusually good position to please. The circular skirt continues to be the favorite, but nearly all are gored so that they will retain their shape. Some new strappings are added and the effects are most desirable.

Many skirts of novelty cloths, particularly greys, are now shown in this city. Our selection represent a splendidly well assorted line in both styles and qualities.

In yesterday's letter we neglected to mention the "hippodrome" coat which is one of the new novelties of this season. It is a fifty inch coat, with a fitted back and neatly belted in the back. This will be adapted to some few forms and those who can wear it will certainly have a neat novelty.

SILK GLOVES. Silk glove news is quite welcome these days. No little time was spent in trying to secure some of these for our trade. We were able to express a few dozen of white silk gloves today. These sell at \$1.75. DO NOT DELAY in making your selection of them as we are not assured of more soon again. It might be added here that there is every evidence of the continued popularity of the short sleeves for another season and twelve button gloves will be as much wanted as ever.

By the way; you who want to buy neat Christmas gifts this year must visit "Michael's". It is a little early but grant pardon for this enthusiasm and put Michael's first on your shopping list for these goods. You will not ask why when you see what we shall show in due season.

With all the style we will have to offer, there will be more popular prices than ever, and greater reasons than ever why the store should be your dry goods headquarters.

## OFFICIALS UNDER ARREST.

Accused of Committing Acts Productive of Public Disorder.

New York, Aug. 16.—The troubles of the Brooklyn Rapid Transit company with those of its patrons who since Sunday have acted under an opinion by Supreme Court Justice Gaynor and refused to pay two 5 cent fares to Coney Island, seem to be nearing an amicable adjustment and it is expected that the seashore traffic over the Brooklyn trolley roads will soon be under something like normal conditions.

The company has adopted a plan suggested by Acting Mayor McGowan to give a rebate to every person paying a 10 cent fare, 5 cents to be returned to the holder if the court of appeals upholds the decision of Justice Gaynor that 5 cents is the legal fare to Coney Island. It was stated that the company is preparing a test case before the court of appeals. This is regarded as an act of conciliation, as the burden of proof has been held to rest with the public.

Borough President Coler accepted a proposition of President Winter of the Brooklyn Rapid Transit that Mr. Coler represent the people in the proceedings and suggested that the speediest way in which to adjust the matter is to place the facts before the state attorney general and request that he take steps to secure a mandamus compelling the company to run its cars for a single 5 cent fare without prejudice to appeal and both parties to abide by the decision of the court of appeals.

Justice Gaynor himself helped to bring about a peaceable solution of the difficulty by giving out an interview in which he advised every one to pay the double fare rather than commit acts of violence.

Police Magistrate Higginbotham late at night caused the arrest of Vice President John F. Calderwood, General Traffic Manager Dow F. Smith and District Superintendent W. C. Newberry of the Brooklyn Rapid Transit company on charges of inciting to riot and committing acts productive of public disorder. He took the warrants to Kings Highway and Gravesend road and commanded Police Inspector Cross to serve them.

Accused of Killing His Brother.

Marletta, I. T., Aug. 16.—Cal Stewart, a prominent stockman, has been arrested, charged with the killing of his brother, Benjamin. It is alleged that the men quarreled while driving home from Marletta and that Cal shot his brother.

Dies of His Wounds.

Sparta, Wis., Aug. 16.—Louis Feltz of Milwaukee, the man who assaulted and wounded seven people on a Milwaukee train here Monday, died at the county jail from bullet wounds received in the fight.

CONTEST FOR EIGHT-HOUR DAY.

Convention at Colorado Springs Endorses Action of Union Officials.

Colorado Springs, Colo., Aug. 16.—By a unanimous vote the delegates to the International Typographical union convention adopted a resolution expressing their confidence in the officers and executive council, congratulating them upon "the wisdom and prudent foresight shown in the conduct of the contest for an eight-hour day," and especially endorsing the action in the levy of the 10 per cent strike assessment.

The arbitration arrangement with the American Newspaper Publishers' association was accepted, assurance being given by Frederick Driscoll, labor commissioner for the publishers, that they would ratify it next February. The new agreement is but slightly different from the one which expires May 1, 1907, and insures the newspaper publishers against walk-outs, strikes or boycotts, they agreeing to arbitrate all differences respecting wages, hours and conditions of labor.

Noted Veteran Succumbs to the Heat in Minneapolis.

Minneapolis, Aug. 16.—Colonel Charles W. Keating of New Orleans, for the past ten years commander of the joint department of Louisiana and Mississippi and who headed their division in the Grand Army parade here, was overcome by the heat and exhaustion and died an hour after reaching the hospital.

The total casualties to date are: Five deaths, eight injured and forty-six prostrations.

Inaugurates Freight Service.

Chicago, Aug. 16.—The Illinois Tunnel company inaugurated its freight service Wednesday, after five years of preparation and construction. Record runs in the handling of freight were made from many of the forty big business houses and the four railroads connected with the tunnel.

It will pay you to read Hoffman's advertisement on Gocarts and Carriages in today's issue.

## Dr. Pierce's Favorite Prescription.

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but a medicine of known composition, a full list of all its ingredients being printed in plain English on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol and that too in large quantities. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed in plain English on every bottle wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are free for the asking.

If you suffer from periodical, headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weak ing, catarrh, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic.

One Year Strictly in Advance.....Four Dollars

THURSDAY, AUGUST 16, 1906.

## Weather

Forecast—Rain and cooler.

THE Border Budget thinks that a man who is able to evade the tax laws successfully ought to make a good member of the legislature. Up in Aitkin county one of the candidates for the lower house has been raised by the board of equalization from \$1,000 to \$25,000 and the Budget immediately sees in him a winner.

A popular subscription to the republican campaign fund has been started and all who feel that they can spare a dollar or more for the good of the cause will receive a receipt for the same from the chairman and secretary of the republican state central committee for their contribution and a guarantee that the money will be used only for the strictly legitimate expenses of the campaign for the election of the full republican ticket. The appeal appears in THE DISPATCH today and the responses should be quick and a sufficient amount to insure the carrying on of the legitimate expenses of the campaign on a cash basis.

JUDGE W. B. MATHEWS, of Washington, whom the Chippewa Indians have retained as their legal advisor in matters coming before the department, was a recent visitor at Walker. He is a personal friend of Congressman Buckman and expressed the hope that the people of this district will return him to the next congress. He took occasion to state that Mr. Buckman like all the rest of the Minnesota delegation in congress stands very high with his brother congressmen, and inasmuch as it takes fully one term before a new member acquires such standing as will enable him to accomplish results for his district, it is bad policy to change good men who have rendered faithful service. He spoke particularly of Buckman's having acquired a public building site in Brainerd, permission to build five dams in the Mississippi, a number of the rural routes and his work on the Indian committee.

## THRIVE ON POISON IVY LEAVES

Ex-Congressman Scudder to Rid His Country Sent on Long Island of a Pest by Using a Herd of the Long Haired Animals, Which Are Fine Foragers—Strong Fence Needed to Keep Them Within Bounds.

Ex-Congressman Townsend Scudder, who has a fine country seat between Roslyn and Sea Cliff, on Long Island, is not going to be troubled about doctor's remedies for poison ivy, for he has had seventy Angora goats sent from Maine, and the goats are warranted to exterminate poison ivy along with all other troublesome growths, says a special dispatch from Roslyn to the Brooklyn Eagle.

It has been generally known that goats and ostriches can live and thrive on nine-tenths of rejected food supplies, but it is not generally known that the best way of dealing with poison ivy is at the fountain head, and Angora goats are being extensively used on large estates for this purpose.

Mr. Scudder has long stretches of meadow and woodland, with intersecting lanes and roads leading to the Glen Cove road and the Shore road to Sea Cliff. The luxuriance of every green and growing thing requires scavengers of the goat order, and when the little army of Angoras have foraged for a few weeks the thickets will be cleared, fences denuded of their poisonous draperies and an Eden will take the place of wilderness.

An amusing incident of preliminaries regarding the sending of the goats to Mr. Scudder's farm was the mailing of samples of the long silky hair to prove the breed, but the Angoras arrived all shorn for duty in the scrubby growth they were to forage in.

The attention of farmers all over the country was some time ago attracted by a pamphlet sent out by the bureau of agriculture in which the value of the fleece was stated to be in some instances \$5 a pound, although \$1.50 a pound is an average price.

Raising Angoras for profit is, however, a business requiring certain conditions and special intelligence as well as capital, but whatever may be said of them in other ways they are certainly an acquisition to an estate whose owner has objectionable growths, such as the prolific and tenacious poison ivy, which seems to be ordinary and wholesome diet for these handsome foragers. They will eat anything they can reach standing on their hind legs as well as on all fours, and they thrive on ranges where sheep would starve.

They have better natures and manners than the common goat and are beloved by children, and the disagreeable odor of the ordinary kind is also lacking. The fleece is so long and so silky one hesitates to believe that they can be put to any task like clearing scrubby growths, but they open a safe passage, assisted by their omnivorous appetites.

A New Hampshire man is said to have had 200 acres cleared by his Angoras in four years. When the choice between using manual labor with the noise of cutting for the disposition of refuse and the silent, ceaseless clearing of these beautiful creatures is considered one wonders why there is not a herd of them on all the big estates which have had such vast amounts of clearance, necessitating the employment of an army of men.

Fencing is, however, a most important preliminary, since one unsuccessful man who wanted a herd for the profit in the fleece said that "they ate clean a valuable rose garden belonging to a neighbor," and their conduct in his own vegetable garden entitled him to relief. It is evident that barriers between cleared and uncleared land must be well and strongly built of stout material.

The same man complains, vide McClure's Farming, in a letter to the president, in which he reproaches the bureau of agriculture for "idealizing the Angora business." He said of his fencing: "The goats began by thrusting their heads through the upper part of the fence, where they hung by the horns. When tired of this they went through, under and over the fence." Evidently there are fences and fences.

To keep Mr. Scudder's herd of Angoras within bounds he is having a 10,000 foot inclosure built. Already they have five openings in the dense undergrowth, and incidentally they destroy all poisonous vines, for they eat everything in their way and so close that once cleared there is small chance, with a herd of Angoras ready for future emergencies, of further trouble.

Angoras will therefore go on the list of modern luxuries for large estates in the United States.

## Light Cure For Gray Hair.

Professor Bouchard at a meeting of the Academy of Science the other day announced that Roentgen rays annihilated white hairs, says the Pall Mall Gazette. There is little doubt about it. Some doctors employed in giving X rays to patients suffering from lupus and other complaints found their own hair reverting to its natural color and that of the sufferer as well. It was first noticed in the case of a patient whose mustache had turned white. The part brought directly under the influence of the rays resumed its original golden hue. The question was whether his sensational discovery had a real practical application. Professor Bouchard says, "Yes; undoubtedly, only the rays must be given by experienced practitioners."

## THIRD ISSUE ON..... Fire Insurance Quality

Extract taken from the "Journal of Commerce and Commercial Bulletin"—New York, July 30, 1906.

The substantial old Franklin Fire Insurance company, of Philadelphia, in announcing to its agents its increase in capital stock to \$1,000,000, reference to which has already been made in these columns, states that the new stock of \$800,000 will be issued at 200 per cent, thus providing \$600,000 additional surplus. This move on the part of the Franklin was taken with a view to broadening its policy and extending its territory of operation, and the management also announces that hereafter a more aggressive policy will be pursued. Manager Hollinshead, in setting the proposed change before the agents of the company, says: "This action will make the company larger and stronger than heretofore, and will enable it to meet the requirements of an exacting insuring public."

I represent this sound and conservative, as well as progressive Fire Insurance Company. Quality counts in Fire Insurance. The best is none too good.

BACK FROM THE ENCAMPMENT

Soldiers and Others Returning in Large Numbers From Minneapolis.

CROWD WAS WELL CARED FOR

Arrangements for Aid to Those Overcome by Heat and Exhaustion Were Perfect.

The veterans and sight seers are lifting back from the encampment, every train being loaded. A large number came in on the trains last night and today's train was packed. From one returning only commendation for the way the encampment was handled in Minneapolis is heard.

Editor Kenney, of the Arena, returned this morning and is loud in his praise of the local management. The Minnesota division was assigned the rear of the column and stood in line about four hours before it moved. Sandwiches and ice water were served in abundance so that none had to march on an empty stomach. Mr. Kenney states that the Red Cross arrangements were simply perfect, three-four men being stationed on each track and if a veteran showed signs of weakness or distress there was a man with his elbow with a glass of water and query if assistance was needed. Others who returned bring the same story of the thoughtful kindness of that city.

Constipation, bowel irregularity, headache, dyspepsia, torpid liver, bad kidneys, rheumatism, disorders incident to sedentary life, positively cured by Hollister's Rocky Mountain tea, the greatest American remedy. Tea or tablets 35 cents. H. P. Dunn & Co.

FORTY PERSONS POISONED.

Six Victims of Ice Cream in a Serious Condition.

Salisbury Beach, Mass., Aug. 16.—Forty persons were poisoned by impure ice cream here in the evening and six of the victims are in a serious condition.

Nearly all those affected are residents of Haverhill and vicinity. The day was known as "Haverhill day" at the beach and about 4,000 persons came here. All those who became ill ate ice cream purchased from four vendors of Newburyport. Emergency calls were sent to Newburyport, South Seabrook and nearby places and a dozen physicians hastened to the aid of the sufferers.

Items of Interest Regarding Railroads and Railroad Employees

Wadena's Park in Danger.

Wadena, Minn.—For fifteen years Wadena village has fostered a park opposite the Northern Pacific station on the railway right-of-way. The small park has come to be the pride of the citizens. Viewed from the trains it creates a most favorable impression of the town, besides affording a place of rest and comfort for home people.

The Northern Pacific has given notice that next year the station will be moved from its present location and placed on the south side of the track, in the center of the park. This would practically ruin the park and an effort may be made to induce the company to place the station in another location. If this fails the company will be asked to build a modern station, and what remains of the park will be maintained as heretofore.

Is Not Significant

The following from the International Falls Press, would seem to be logical, but officials of the road state that the work is just part of that authorized along with the extension from Northome and does not necessarily mean any intention to build to the border:

"The fact that the M. & I. railway is now constructing a bridge across the Big Fork river at Ripple is the best of evidence that that road will be extended to International Falls without delay. No other theory can account for the building of the bridge as it is necessarily a costly structure and there would be no object in crossing the river except to extend the road to the border."

In Self Defense

AMUSEMENTS

Bijou Makes a Hit.

The new Bijou theatre made a hit at its opening yesterday afternoon and last night. Owing to the breakage of some of the views it was necessary to substitute the song "Just For Tonight" in place of "Why Don't You Try," but the former was heartily greeted by the audience. Three performances were given in the afternoon and three in the evening and all were well attended. Val Bertram has been secured to preside at the piano. The "Scenes From a Russian Convict's Life," was, it is said, one of the best sets of pictures ever shown in this city. Joe Murphy was in fine voice and was heartily applauded by every audience.

DO your eyes water or burn? Does your head ache? Are you unable to read without straining your eyes? Does your work make you nervous? If so have Dr. Bruns, the optometrist, fit you with glasses. He examines eyes free at the National hotel August 22 and 23.

Injured in Bargain Day Rush.

St. Joseph, Mo., Aug. 16.—Mrs. Susan Welland was perhaps fatally injured, many others were more or less seriously hurt as the result of a bargain day rush at a store here. The chief of police ordered the store closed but rescinded the order when he found that ten police on duty there had the situation under control.

IMP OF INDIGESTION.

How to Get the Better of this Cause of Misery.

A scientific writer upon stomach troubles says: "If you have ever suffered from indigestion,—and who has not?—your imagination has probably pictured a ferocious little imp dancing in the pit of your stomach, causing that organ to neglect all of its duties, with a result that is not only painful but fills you with misery from day to day." This writer certainly had suffered from indigestion, for there is no more disagreeable, nerve-racking and sick-all-over disease than indigestion.

A great many people who have been treated for years for diseases of the heart, liver or kidneys, when they used Miona stomach tablets found that not only did Miona cure the stomach disorder, but it made them well all over and the other troubles were also cured.

If you suffer with nervousness, sleeplessness, indigestion, sick or nervous headache, pains in the back or sides, get a 50c box of Miona from H. P. Dunn & Co., and take one of the little tablets before each meal. It will do you a world of good and you will soon be well and free from indigestion, and its symptoms. H. P. Dunn & Co., have so much faith in this medicine that they give an absolute guarantee with every box. Ask them to show you this guarantee.

### DAN PATCH TO GO

With the World Famous Crescius He Will Go After Records at the Minnesota State Fair

More fast horses will be seen at the Minnesota state fair this year than ever before. A great entry list closed on July 2 and horses famed the country over are to contest for purses aggregat-

ing \$33,000. But the greatest of all the track events will be the appearance of Dan Patch, the fastest pacing stallion in the world, and Crescius, the fastest trotting stallion, in an attempt to lower their world's records. These horses will go on Monday, Sept. 3, the opening day of the fair. They will be driven by Hersey, driver and trainer of their owner, M. W. Savage. Both horses are owned in Minnesota—a fact that should be remembered.

There will be sensational racing each day of the fair—racing under the best conditions and surroundings. The horses go on their merits; the management is equitable and just.

Half fare rates have been made on all roads running into Minneapolis and St. Paul and are good beginning with Saturday, Sept. 1st—so that all may reach the cities in time for the big events of the opening day.

### LONG CONTROVERSY ENDED.

Differentials on Grain From Missouri River to the Gulf Adjusted.

Chicago, Aug. 16.—The long standing controversy involving the differentials between the gulf and the seaboard on export grain from Missouri river points was adjusted here at a special meeting of the executive officers of the Western trunk lines' committee. This differential has been a troublesome factor in export grain rate making for a number of years and it is now settled.

reached will permanently settle the controversy.

According to the provisions of the agreement, which expires April 1, 1907, the gulf lines will receive a differential of 5 cents on all grains from Kansas City and 4 cents from Omaha. None of the published tariffs shall include the fobbing charge either at the seaboard or the gulf. A feature of the adjustment is the extension of the differential to cover wheat, which has hitherto remained outside the range of discussion.

### Three Boys Drowned.

Pittsburg, Aug. 16.—George Manning, seven years old, his brother, Herbert, aged five, and George Watson, sixteen years old, were drowned in the Monongahela river near McKeesport. ## BANKER IN THE EAST

PAUL O. STENSLAND SAID TO HAVE BEEN SEEN ON A TRAIN AT PITTSBURG.

### GREETED BY AN OLD FRIEND

FUGITIVE FINANCIER SAID HE WAS ALMOST DEMENTED FROM WORRY.

Pittsburg, Aug. 16.—The Chronicle Telegraph is authority for the statement that Paul O. Stensland, the defaulting president of the Milwaukee Avenue State bank of Chicago, was in this city Wednesday and is now thought to be in the East. According to this statement Stensland was seen aboard a train at the Union station by Oscar Holmer, a mechanical engineer who used to be a close friend of Stensland, but had not seen him for two years. Holmer had gone to the station to meet a friend who was on his way East and while talking in the Pullman car his attention was attracted to a man seated near. In telling of the incident Holmer said: "I walked up to him and said 'Hello, Stensland, what are you doing here?'"

"For God's sake," he said, 'is it you?' Don't give me away."

"I told him that he and his affairs were none of my business and then he declared that he was almost out of his mind with worry. He did not say where he had been. He told me that he was going East and said that he had plenty of money. We had time to exchange only a few words when the train began to move and I had to jump off."

"My friend, who came from Rochester via Buffalo, told me that the man whom I recognized had been on the train from that city and that they had talked together."

The train left here at 8 a. m.

Captain of Detectives Egan said he had heard nothing of Stensland passing through here and was indignant that Holmer had not reported the incident to the police. The police have taken no action in the matter. Holmer's name does not appear in the city directory.

### MAY NAME SEPARATE TICKET.

Democrats and Populists of Nebraska May Not Unite Forces.

Lincoln, Neb., Aug. 16.—Fusion between the Democrats and Populists of Nebraska is threatened by the action of the Democratic state convention, which at an early hour Thursday morning nominated A. C. Shallenberger for governor instead of George W. Berge, whom the Populists had confidently counted upon as the choice of both conventions. Furthermore, the Democrats showed a disposition to select a straight party ticket without Populist representation upon it. The Democratic ticket is as follows:

United States senator, William H. Thompson, Grand Island; governor, Ashton C. Shallenberger, Alma; lieutenant governor, William H. Green, Creighton; secretary of state, Carl R. Goucher, Wahoo; treasurer, Frank C. Babcock, Hastings.

Lincoln, Neb., Aug. 16.—Following a series of whippings, which has precipitated a race war, the negroes of Silex, six miles from here, are selling their property and fleeing. Any negro found in the place Saturday night is to be flogged, it is said.

The trouble is the outgrowth of a severe whipping which negroes gave James Edleman's nine-year-old son last week. Last Saturday a party of whites in retaliation seized a negro boy and whipped him. Later the boy's mother was whipped.

ABANDONS THE PROJECT.

Walter Wellman Will Not Start for the North Pole This Year.

London, Aug. 16.—A dispatch from Christiania to the Daily Mail says that private letters received there from Spitzbergen state that owing to the lateness of the season, Walter Wellman, the chief of the Chicago Record-Herald Arctic expedition, has abandoned the project of ballooning to the North Pole this year.

Shoots His Wife and Himself.

Jackson, Mich., Aug. 16.—Domestic infelicity and jealousy drove Thomas Roach to shoot his wife in the street near her father's home. Then he turned the revolver to his head and died on the sidewalk. The woman's wounds are probably fatal.

John Dietz Not Killed.

Rice Lake, Wis., Aug. 16.—There is no truth in the report sent out from here that John Dietz, the defender of Cameron dam, has been shot in a battle with deputies. No conflict has taken place since that in which Dietz's son Clarence and Rogich were hurt.

Twenty-six Thousand Miners Strike.

Cardiff, Aug. 16.—Twenty-six thousand miners at Abertillery have struck owing to the employment of nonunion workmen in the mines.

## ALLEGED "BLACK HAND" CASE.

Culminates in the Arrest of Suspects at Baltimore.

Baltimore, Aug. 15.—An alleged "Black Hand" case, which had its inception about two months ago, culminated in the arrest of three men charged with complicity in the affair and the holding of two of them in \$10,000 each for the action of the criminal court.

A number of letters, one signed by "The Mafia Association," and the others by "The Head of the Black Hand Company," have recently been received by members of the family of Michael Lanasa, each of them demanding \$5,000. Some of these letters have been delivered by Rosario Romeo, it is charged, and some have passed through the mails. One of the latter received threatened the Lanasa family with death Tuesday if the money demanded was not forthcoming. By Romeo Mrs. Lanasa sent a reply which resulted in a call upon her by Ignazio Castellano, aged twenty-three years, who demanded the money. Mrs. Lanasa called a policeman, who captured Castellano after a chase. He said that he had just arrived here from New York and that he had been induced to come here and call upon Mrs. Lanasa by four New Yorkers, whose names he gives as Collogario, Tony, Stefano and Joseph. Romeo claims to have been merely employed to deliver some of the threatening letters, without knowledge of their contents, by men unknown to him. Frank Porcelli, aged thirty, suspected of giving information to principals of the affair, was arrested, but later was released.

Romeo and Castellano were held.

The police have made four more arrests, Joseph Roffo, aged thirty-six years, a butcher; Vito Altovola, aged thirty-four; Giovanni Altovola, aged eighteen, and Ametta G. Vattisno, aged twenty-two, the last named Roffo's clerk, being taken into custody on the same charges upon which Castellano and Romeo are held. The police believe that in Roffo they have the chief of the gang.

### Cod Wins Second Trial Race.

Marblehead, Mass., Aug. 15.—In a most uncertain breeze, the Cod, owned by Dr. Morton Prince of Boston, won the second of the trial races for the selection of the defenders of the Roosevelt cup. The Caramba was a close second while Cheewink VI. was third.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Killed by Powder Explosion.

Fontanet, Ind., Aug. 14.—Two hundred kegs of powder exploded at a local powder mill, wrecking the press mill of the powder plant and instantly killing Frank Hamilton, twenty-eight years old, of Xenia, O. The property loss is placed at \$35,000.

Regulate the bowels, promotes easy natural movements, cures constipation—Doan's Regulate. Ask your druggist for them. 25 cents a box.
